DEC 23 1969

Dear Dr. Witschi--

I was interested to see a report on your continued work in the Med. World News for Dec. 12., and was reminded thereby to forward this comment to you. I would be more than pleased to have reprints of your papers on the subject (or, almost as well, a bibliographic listing.)

- - - - -

Do you know of any studies on teratology from sperm damaged by hypotonia?

With cordial greetings,
